## **Let's Makeup** - for students in elementary school

Tuesday, June 26, 2018

2:30pm-3:15pm

Makeup is the foundation and the most basic visual image for all performers. This workshop teaches students of all ages by demonstrating (on a few participants) corrective, character and special effects makeup for the theatre. Please note, this workshop is specific to theatre makeup techniques and is not a "face painting" experience.

## **Acting** - for middle school students

Wednesday, June 27, 2018

2:30pm-3:15pm

The basic tools of an actor's trade - observation, memorization, concentration, and imagination are presented and explored in an entertaining manner. The students participate in a variety of fun exercises, learning to apply the actor's tools to both performing and everyday life.

## **Improv** - for high school students

Thursday, June 28, 2018

2:30pm-3:15pm

Participation and teamwork are emphasized as the students learn to act without a script. This workshop can be geared to all skill levels of students from beginners to more experienced performers.
